**Caleb**: Dudebra.
**me**: yes candlebra?
**Caleb**: I don't like the new Huffpo photo.
**Caleb**: I DON'T LIKE IT.
**Caleb**: I PREFER THE OLD ONE.
**me**: compared to previous photo?
**Caleb**: THAT'S WHAT I JUST SAID, DUMMY.
**me**: my mom wouldn't shut the fuck about the old one
**me**: like, even relative to her usual bullshit
**Caleb**: So she likes this one better?
**me**: yeah
**me**: she really hated the old one, a lot
**me**: I've got so many fucking e-mila in my archive hear
**me**: hear lol
**me**: WRONG
**me**: anyway, this is temporary
**Caleb**: This one in which you're clearly on as much heroin as the last one but only more hunched over.
**me**: I'm not on heroin in this one
**Caleb**: Clearly.
**me**: that's from when I was on Fox
**Caleb**: You did a bunch of skag-junk the night before as I recall.
**Caleb**: As such as I recall the matter.
**Caleb**: According to my matter-recall memory.
**Caleb**: Also:
**Caleb**: "Huffpo"
**me**: no, didn't have any
**Caleb**: Faggot.
**Caleb**: Zipzipzap.
**Caleb**: So, I pitched the Wikileaks video to my assignment desk broad the day it broke.
**Caleb**: Via e-mail.
**Caleb**: Because she had already left for the day.
**Caleb**: Then I threw it out during the morning news meeting the next day.
**Caleb**: To the news director specifically.
**Caleb**: I offered all the details, specifically the death of journalists, the laughing pilots, the Pentagon cover-up, the role of WikiLeaks, etc.
**Caleb**: We didn't report it.

**Caleb**: BUT.
**Caleb**: We did include a story about Al Gore's recent Youtube video.
**Caleb**: The day after we ran a piece from CNSnews.com about how Al Gore has disappeared from the spotlight since global warming has been debunked.
**Caleb**: Also, fix this:
**Caleb**: "Consider familiarizing yourself familiarize yourself with Wikileaks as well as that which is publicly known regarding U.S. intelligence community's plan to marginalize and weaken that organization;"
**me**: is that at HuffPo, you said?
**me**: ah, yes, fixed it
**me**: thanks
**me**: you're a lifesaver, sir
**me**: you could run a story on how liberals incorrectly called it a massacre
**me**: sorry, was on phone with my now-ex-girlfriend
**me**: also, one of the men who was shot did indeed have an RPG
**me**: which doesn't prove they were insurgents
**me**: in fact, seems to make it less likely insomuch as there was a U.S. troop carrier around the corner, as we know from the pics the photog was taking before he up and got shot
**me**: and they didn't seem interested in it
**me**: whereas an RPG could have clearly caused that troop carrier some problems
**me**: so, probably just one of the many armed local bands that defend their neighborhood from other armed local bands
**Caleb**: NSB, fool.
**me**: oh, yeah
**me**: we probably invented organized game trolling
**me**: or at least were pioneers
